

INFLATABLE WORKVESTS**INTERNATIONAL SAFETY PRODUCTS****Challenger Worksafe 150N**

The Worksafe 150 N lifejacket provides a versatile, low cost lifejacket for the professional at work in or above a marine environment. The patented interlocking lobes create an effective wave barrier preventing water from being channelled into the mouth, the tailored neck gives vital support to the head and neck - even to an unconscious subject. It is a single chamber lifejacket with a fully automatic (or manual) inflation system, reflective panels, a whistle and a lifting loop.

Cover versions: nylon, color red

Panotex (for welding purposes), aluminized

PVC, color orange

Sizes: Adult Universal

Approvals: complies with CE 150 (EN 396) and European PPE regulations

Also all spares are available for this lifejacket.
