LIFEBOAT & RESCUEBOAT ACCESSORIES**RRH 15**
RRH 25

Release hook for davit launched rescue boats. Off load release hook, however the hook can be opened on load by operating the release lever.

- **Max safe workload:**
RRH 15: 15 kN
RRH 25: 25 kN
- **Approvals:**
SOLAS, CE by Lloyds Register

LIFEBOAT & RESCUEBOAT ACCESSORIES**ARH 23**
ARH 33

The release hook is suspended by the wire rope and is of the automatic off-load release type. The hook is a standard item and is of a very simple design, thus causing no difficulties in extreme circumstances. The hook is “fool-proof” and, made completely of stainless steel, requires little maintenance.

- **Max safe workload:**
ARH 23 kN
ARH 33 kN
- **Approvals:**
SOLAS, CE by Lloyds Register
